

Immobilization or Impoundment

Any vehicle that has 3 or more unpaid parking violations is subject to immobilization by a booting device. In addition to the unpaid parking fines, there will be a booting fee of \$100.00 for the first immobilization. After the first immobilization, the fee will increase by \$25.00 for each booting thereafter.

If payments are not made within 24 hours from the time of such immobilization, the vehicle may be towed.

A full description of the appeal process and hearing procedures for immobilized or impounded vehicles can be found in the Brattleboro Town Ordinances, Chapter 16-1.
