FORM B

**APPLICATION FOR NEW OR CHANGED SIGNS
TOWN OF BRATTLEBORO, VERMONT**

In addition to a completed Form A, applicants requesting signage must provide the following information. Please review Section 4500 of the Brattleboro Zoning Ordinance to determine the size, type, and amount of signage permitted in your zoning district. If you have any questions regarding the regulations, this form, or the review process please contact the Planning Department at 254-4541.

1. EXISTING SIGNAGE INFORMATION

Please list all signs currently located on the property where the new or changed sign is to be located. Please be specific as to the type of sign, dimensions, area and lighting source (i. e. flood lit, internally illuminated, neon, etc.). Please provide photos or illustrations if available.

Type of Sign (ground, wall, projecting, awning, or other)	Height (feet) from ground to top of sign	Length and Width (feet)	Area (sq. ft.)	Illumination	To Remain or be Removed?

_____	_____	_____	_____	_____	_____
_____	_____	_____	_____	_____	_____

2. PROPOSED NEW OR CHANGED SIGNAGE INFORMATION

Please list all new signs or changes to existing signs proposed under this application. Please be specific as to the type of sign, dimensions, area and lighting source (i.e. flood lit, internally illuminated, neon, etc.). At question 4 on the back of this form please draw an accurate picture of each sign listed in this part of the application.

Type of Sign (ground, wall, projecting,awning, or other)	Height (feet) from ground to top of sign	Length and Width (feet)	Area (sq. ft.)	Illumination
_____	_____	_____	_____	_____
_____	_____	_____	_____	_____
_____	_____	_____	_____	_____
_____	_____	_____	_____	_____
_____	_____	_____	_____	_____

3. GENERAL INFORMATION

Number of tenants on the property? _____ Length of the front of the building? _____

Length of the building frontage occupied by the applicant? _____

On what floor of the building is the applicant's space located? _____

If a ground sign is proposed, what are the setbacks (in feet) from any roadway edge of pavement? _____

from the nearest side property line? _____

If a projecting sign is proposed, what distance does it project from the face of the building (in feet)? _____

4. ILLUSTRATION OF NEW OR CHANGED SIGN (show face and elevation)

In the space below or on an attached sheet, please draw each new or changed sign including the size (length and width), height, light source, materials used, lettering and graphics, and if a ground sign its supporting structure and any plantings or other treatment at its base.
