

Tree Warden Notes

November 13, 2013 to February 11, 2014

February 10, 2014

Rick White, District Urban & Community Forester for Windham & Windsor Counties called to inform me that there is a new Community Involvement Coordinator for Vermont's Urban & Community Forestry Program. Kate Forrer held the position previously but has since been moved to a full time position working with Vermont's SOUL Program. The new Community Involvement Coordinator is Elise Schadler. She and Rick White will be in our area shortly after noon on Wednesday, February 26th and would like to meet with anyone interested. A copy of an email from Rick discussing the possibility is included with my report.

Dan Adams
Consultant Forester
Brattleboro Town Tree Warden
