

Town of Brattleboro
COVID-19 Response Status
April 8, 2020
7:30pm

An Update to the Community from Brattleboro Town Manager Peter Elwell:

The United States Government and the State of Vermont are operating under State of Emergency declarations issued by President Trump and Governor Scott related to the COVID-19 coronavirus pandemic. The Town of Brattleboro, as a subdivision of the State of Vermont, is taking emergency actions in accordance with Governor Scott's declaration of a State of Emergency for all of Vermont.

Fire Chief Mike Bucossi, who also is the Town's Emergency Management Director, is in close ongoing communication with Brattleboro Memorial Hospital, Rescue Inc., and other emergency health service providers. Chief Bucossi and Town Manager Peter Elwell are in at least daily communication with the Vermont Department of Health and Vermont Emergency Management. All other members of the Town's management team are maintaining similarly close contact with their colleagues in State government and others to ensure that the Town's actions are taken in concert with similar actions to protect the public throughout Vermont and beyond.

Please visit the Town's website at www.brattleboro.org for extensive information about COVID-19, its impacts, and actions being taken to address those impacts. All of the Town's daily updates are posted there, along with links to the Vermont Department of Health, the Centers for Disease Control and Prevention, and the World Health Organization. Most importantly, the Town's homepage includes links to numerous resources for informing and assisting individuals, families, businesses, and other organizations. All of this information is being reviewed daily to ensure you can rely on the Town's site for current and accurate information throughout the COVID-19 emergency.

WHAT IS NEW TODAY

- Many buildings are currently in a state of prolonged shutdown. The Town's Water Department reminds all building owners that **water lines within buildings should be flushed to keep the water supply safe**. While the Town is continuing to deliver water to the meter that complies with all drinking water standards and has a trace of chlorine for disinfection, the water quality within the interior piping of a building will deteriorate if not used.
- The annual Winter Parking Ban has been lifted. Beginning tonight, overnight on-street parking is allowed except where regulations prohibit parking anytime (e.g. on one side of some streets, near fire hydrants, etc.) and except on the following streets: Main Street, High Street, Elliot Street (east of School Street), Flat Street, Church Street, Elm Street, Harris Place, and Grove Street.
- **Reminder:** No one needs to purchase a parking permit until parking enforcement resumes. When we are preparing to resume enforcement, the community will be given advance notice and an opportunity to purchase permits before active enforcement actually begins.
- **Reminder:** We have been advised that United States Census responses from Windham County are coming in more slowly than from some other areas of Vermont and other states. A complete count of everyone in Brattleboro and Windham County is important because, among other things, comparative populations are used to determine how much State and Federal funding assistance a community receives for a variety of programs and services. Please complete your 2020 Census form online or mail it in. If you are unsure how to do that, at least be responsive when a Census worker contacts you to ask for the information for your household. Thank you!

- **Reminder:** The State of Vermont vehicles parked near the Connecticut River bridges and all other roadway points of entry into Vermont are noting the state of registration of vehicles entering and leaving Vermont. They are not collecting individual license plate data and are not restricting entry.

The following information has previously been announced by the Town to the community. Some of the items have been modified to update the details. The information is separated into sections, as follows: “Overall Status of Town Government’s Daily Operations,” “Emergency Services,” “Non-Emergency and Administrative Support Services,” and “Public Meetings”:

OVERALL STATUS OF TOWN GOVERNMENT’S DAILY OPERATIONS

- All Town facilities are closed to the public until further notice.
- In keeping with the Governor’s “Stay Home – Stay Safe” order, most administrative employees are working at home. While we are not in our usual places interacting with the public in the usual manner, we are here for you during these extraordinary times. We have made arrangements for employees to conduct many of their usual activities from their homes. Some will continue to come to the office occasionally to complete tasks that can only be completed there. Importantly, all email communications and most telephone communications are functioning exactly as they do during normal office operations, but we will only sporadically be able to retrieve and reply to communications via USPS + delivery services. Field crews are performing limited ongoing field work to protect public health and safety, and all field employees are “on call” every day for addressing urgent maintenance issues (like a water main break, a snowstorm, etc.). If there is anything you need from your Town government, please contact us. Those of us who have direct dial phone numbers and individual email addresses can be contacted in the usual way. If you don’t have that information, please use the contact information for each department listed below under “Non-Emergency and Administrative Support Services.”
- Town officials are coordinating with a variety of community organizations regarding emerging community needs that extend beyond the scope of our normal Town government services.
- All reservations for use of Town facilities by non-Town organizations are cancelled until further notice.

EMERGENCY SERVICES

- Emergency services are still being provided by the Police Department (BPD) and Fire Department (BFD).
- Both BPD and BFD have instituted policies that adjust their normal procedures to reflect COVID-19 best practices advice from public health experts.
- Dispatch is fully staffed 24/7 and is screening for COVID-19 on all calls.
- Both BPD and BFD are conducting “doorway assessments” for COVID-19 before entering into buildings.
- Both BPD and BFD have implemented best practices for more rigorous than normal cleaning of facilities and equipment, for the use of personal protective equipment, and for decontamination (when needed) after calls.
- BPD is still patrolling the roadways, walking downtown, and visiting merchants that are open, adhering to social distancing best practices when encountering people face-to-face.
- BPD is answering life safety calls involving physical harm or the threat of harm to individuals. Non life safety calls for service are being handled via appropriate technology (i.e. phone, email, etc.) Patrol Commanders are determining whether or not a physical response is warranted.
- Both BPD and BFD have plans in place for how additional special procedures will be implemented, if necessary. Contingency plans include coordination with other emergency service providers in our region for mutual aid coverage of essential services, as needed.

NON-EMERGENCY AND ADMINISTRATIVE SUPPORT SERVICES

Water+Sewer Utilities

- Town water+sewer facilities are being operated. Staffing and some procedures have been adjusted to reflect COVID-19 best practices advice from public health experts, but the public should notice no change in water or sewer service.
- For general water+sewer questions, please call 802-254-4255.
- Water+Sewer crews will not enter private buildings until further notice. People who experience service problems should call the Department of Public Works, as usual. A DPW crew will address the situation on the outside of the building. If that does not resolve the issue, then the owner/customer will need to hire a private plumber to address the issue on the interior of the building.
- Until further notice, the Town will not shut-off water service to any customer as a result of that customer becoming delinquent on payment of water+sewer fees.

To participate in a Virtual Easter Egg Hunt visit https://www.brattleboro.org/index.asp?SEC=DF7D4AE1-C4DB-477C-86FD-9892508078A9&Type=B_BASIC.
- The following seasonal special events also have been cancelled for this year:
 - Super Bike Day - Scheduled for Saturday April 18
 - Bowling Day at The Brattleboro Bowl - Scheduled for Tuesday April 21
 - Pitch, Hit & Run / Home Run Derby - Scheduled for Wednesday April 22
 - Annual Memorial Day Dawn Dance - Scheduled for May 24-25. (This is not a Town of Brattleboro event. It is a privately organized event that attracts over 500 people from across the country. The local organizing committee has been informed of this cancellation and agrees with the decision.)
- The Recreation and Parks Department is accepting mail-in registration for Spring Youth Sports. Participants will receive a credit on their account for program cancellations.

Assessor’s Office

- All employees are working from home, coming into the office only when necessary.
- Direct contact phone numbers and email addresses remain operational.
- For general information, please call 802-251-8156.

- The Police Department is not performing Vehicle Identification Number (VIN) verifications until further notice.

Small Business Assistance Program Loans

- Businesses who are repaying loans to the Town's Small Business Assistance Program can defer (without penalty or additional interest) their monthly payments until further notice.

Curbside Garbage, Recycling, + Compost Program

- Annual Spring Leaf Pickup service will be provided by Triple-T on Friday, April 17, and on Friday, May 1. The Town decided to proceed with this service in the usual manner because curbside solid waste collection is continuing under the "essential services" provisions of the Governor's "Stay Home – Stay Safe" order and because the fresh air and exercise involved in doing yard work is a safe and healthy way for people to take a break from staying indoors during the COVID-19 emergency.
- Due to the closure of Town facilities, individual pay-as-you-throw bags are not being sold at the Treasurer's Office and the Gibson-Aiken Center until further notice. Packages of five pay-as-you-throw bags are still available at retail outlets.
- Some residents asked the Town to suspend the pay-as-you-throw program so that no one would have to buy the yellow and purple bags during the COVID-19 emergency. Unfortunately, our local pay-as-you-throw system is required for the Town to comply with a State-mandate to have "variable rate pricing" for garbage collection and disposal (i.e. the more one throws away the more one pays) so it can't be suspended without the State's permission. The Town asked the State if we can temporarily suspend the pay-as-you-throw system and the State said "no."
