**COVID-19 Response Status**  
**June 8, 2020**  
**12:30pm**

**An Update to the Community from Brattleboro Town Manager Peter Elwell:**

The United States Government and the State of Vermont are operating under State of Emergency declarations issued by President Trump and Governor Scott related to the COVID-19 coronavirus pandemic. The Town of Brattleboro, as a subdivision of the State of Vermont, is taking emergency actions in accordance with Governor Scott's declaration of a State of Emergency for all of Vermont.

Fire Chief Mike Bucossi, who also is the Town's Emergency Management Director, is in close ongoing communication with Brattleboro Memorial Hospital, Rescue Inc., and other emergency health service providers. Chief Bucossi and Town Manager Peter Elwell also are in regular communication with the Vermont Department of Health and Vermont Emergency Management. All other members of the Town's management team are maintaining similarly close contact with their colleagues in State government and others to ensure that the Town's actions are taken in concert with similar actions to protect the public throughout Vermont and beyond.

Please visit the Town's website at [www.brattleboro.org](http://www.brattleboro.org) for extensive information about COVID-19, its impacts, and actions being taken to address those impacts. All of the Town's daily updates are posted there, along with links to the Vermont Department of Health, the Centers for Disease Control and Prevention, and the World Health Organization. Most importantly, the Town's homepage includes links to numerous resources for informing and assisting individuals, families, businesses, and other organizations. All of this information is being reviewed daily to ensure you can rely on the Town's site for current and accurate information throughout the COVID-19 emergency.

The following information has previously been announced by the Town to the community. Some of the items have been modified to update the details. The information is separated into sections, as follows: "Wearing Face Coverings Required," "Overall Status of Town Government's Daily Operations," "Emergency Services," "Non-Emergency and Administrative Support Services," and "Public Meetings":

**WEARING FACE COVERINGS REQUIRED**

At its meetings on May 19 and May 26, the Selectboard adopted the following resolution:

Be it resolved by the Selectboard of the Town of Brattleboro, Vermont, as follows:

**AMENDED****COVID-19 EMERGENCY ORDER  
WEARING FACE COVERINGS REQUIRED**

WHEREAS, the Centers for Disease Control and Prevention (CDC) recommend the use of simple cloth face coverings to slow the spread of the COVID-19 coronavirus and to help prevent people who may unknowingly have the virus from transmitting it to others; and WHEREAS, the Vermont Department of Health “recommends that all Vermonters wear cloth face coverings when outside of the home to help slow the spread of COVID-19;” and WHEREAS, Governor Phil Scott and the Vermont Agency of Commerce and Community Development have issued the following instructions in conjunction with the Governor’s executive orders regarding COVID-19:

“Employees must wear face coverings over their nose and mouth when in the presence of others. In the case of retail cashiers, a translucent shield or “sneeze guard” is acceptable in lieu of a mask.

Businesses and non-profit and government entities may require customers or clients to wear masks” while on their premises

and

“The legislative body of each municipality may enact more strict local requirements regarding mask use than those set forth herein;” and

WHEREAS, COVID-19 remains a health hazard to residents of Brattleboro and a significant threat to vulnerable populations; and

WHEREAS, wearing a face covering is an important act we can do in an effort to protect others from an infection that we may not even know we have.

NOW, THEREFORE, BE IT RESOLVED that this Selectboard hereby issues the following COVID-19 Emergency Order:

**WEARING FACE COVERINGS REQUIRED****Requirement to Wear Face Covering.**

Starting May 20, 2020, all establishments located in the Town of Brattleboro that invite the public into their premises for the purpose of receiving services, purchasing products, or otherwise transacting business, shall require both staff and customers (or visitors) to wear cloth face coverings or face shields over their nose and mouth while inside the establishment.

**Exceptions.**

Cloth face coverings are not required on young children under age 5 and should not be placed on anyone who has trouble breathing or anyone who is unconscious, incapacitated, or otherwise unable to remove the mask without assistance.

**Posting of Requirement.**

Each establishment is individually responsible to post signage at the entrance and at other appropriate locations stating that customers (or visitors) are required to wear face coverings by order of the Brattleboro Selectboard.

**Effective Period.**

This Order shall remain in effect until the Brattleboro Selectboard amends, rescinds, or suspends this Order or until the Governor declares an end to the COVID-19 State of Emergency in Vermont, whichever occurs first.

**Adopted by the Brattleboro Selectboard at its meeting on May 19, 2020.**

**Amended by the Brattleboro Selectboard at its meeting on May 26, 2020.**

## **OVERALL STATUS OF TOWN GOVERNMENT'S DAILY OPERATIONS**

- Emergency services and field crews continue to operate as described below.
- The exterior entrances to all Town facilities remain locked at all times.
- Signs are posted at all exterior entrances clearly indicating that no one may enter the building if they have any symptoms of respiratory illness (fever, cough, and/or shortness of breath).
- There is only 1 employee in each office at any one time, except when more than one employee is necessary to complete a required task.
- Employees who are not in the office continue to work from home in the same manner as they did during the full closure of Town offices between March 27 and May 4.
- All email communications and most telephone communications are functioning exactly as they do during normal office operations.
- Town employees who have direct dial phone numbers and individual email addresses can be contacted in the usual way. If you don't have that information, please use the contact information for each department listed below under "Non-Emergency and Administrative Support Services."
- The public is requested to continue to do as much Town business as possible remotely (by email, internet, phone, or mail).
- When an on-site visit is necessary for a particular individual to comply with a Town requirement or to receive a Town service, such visits can be arranged in advance (by making an appointment) or at the time of the visit (by calling the applicable office).
- Anyone who is not a Town employee will be met at the exterior door by a Town employee, escorted into the applicable office, and then escorted out of the building.
- Making an appointment in advance is strongly encouraged for two reasons:
  1. Since offices are being staffed by only 1 employee at a time, there are unscheduled times each day when any particular office is not available to the public. There also may be some scheduled closures in certain departments (e.g. for an entire morning, afternoon, or day). Those will be announced to the public in advance.
  2. Since only 1 visitor is allowed in any office at any given time, visitors who do not make an appointment in advance may have to wait outside the building until it is their turn to enter.
- During every visit, the 1 employee and 1 visitor will:
  - Wear masks at all times covering both the nose and the mouth and fitting snugly under the chin. (The Town will provide a mask to any visitor who does not have one.)
  - Wear gloves or use hand sanitizer before handling documents.
  - Abide by social distancing best practices (such as standing no closer than 6 feet apart).
- Town employees use disinfectant cleaner to wipe down all counters, door knobs, and other commonly touched surfaces at the beginning of each shift, after each visitor, and at the end of each shift, paying particular attention to wiping down any surface that is touched by any visitor.
- Restrooms are not available for public use. If an employee allows a visitor to use a restroom in an emergency, that employee will use disinfectant cleaner to wipe down all fixtures, handles, and touched surfaces immediately after the visitor leaves.
- Town employees are continuing to do as much work as possible with other Town employees via email, internet, and phone. When 2 or more employees must meet face-to-face to complete a particular task, they adhere to the same requirements as when providing 1-to-1 services to visitors:
  - Wear masks at all times covering both the nose and the mouth and fitting snugly under the chin.
  - Wear gloves or use hand sanitizer before handling documents.
  - Abide by social distancing best practices (such as standing no closer than 6 feet apart).
- Town officials are continuing to coordinate with a variety of community organizations regarding emerging community needs that extend beyond the scope of our normal Town government services.
- All reservations for use of Town facilities by non-Town organizations are cancelled until further notice.

## **EMERGENCY SERVICES**

- Emergency services are still being provided by the Police Department (BPD) and Fire Department (BFD).
- Dispatch is fully staffed 24/7 and is screening for COVID-19 on all calls.
- Both BPD and BFD are conducting “doorway assessments” for COVID-19 before entering into buildings.
- Both BPD and BFD have instituted policies that adjust their normal procedures to reflect COVID-19 best practices advice from public health experts. This includes screening every employee for COVID-19 before and during every shift.
- BPD officers are responding to all calls for assistance in person, unless the caller requests to be contacted by other means. Officers wear masks during all interactions with the public and follow best practice guidelines and directives from the AG, CDC, DPS, VDH, etc. Motor vehicle enforcement activity is mainly limited to addressing moving violations. The police facility on Black Mountain Road is locked and closed to the public except for emergencies and appointments.
- Both BPD and BFD have implemented best practices for more rigorous than normal cleaning of facilities and equipment, for the use of personal protective equipment, and for decontamination (when needed) after calls.

## **NON-EMERGENCY AND ADMINISTRATIVE SUPPORT SERVICES**

### **Water+Sewer Utilities**

- Town water+sewer facilities are being operated. Staffing and some procedures have been adjusted to reflect COVID-19 best practices advice from public health experts, but the public should notice no change in water or sewer service.
- For general water+sewer questions, please call 802-254-4255.
- Many buildings are currently in a state of full or partial shutdown. The Town’s Water Department reminds all building owners that **water lines within buildings should be flushed to keep the water supply safe**. While the Town is continuing to deliver water to the meter that complies with all drinking water standards and has a trace of chlorine for disinfection, the water quality within the interior piping of a building will deteriorate if not used.
- The Town’s semi-annual flushing of water mains is ongoing and is scheduled to be completed by May 11. This is essential maintenance activity to ensure the continued safety of the Town’s drinking water. To view the complete street-by-street schedule for this Spring 2020 water main flushing, please use the link that is provided in the “News” section on the right side of the homepage on the Town’s website.
- Water+Sewer crews will not enter private buildings until further notice. People who experience service problems should call the Department of Public Works, as usual. A DPW crew will address the situation on the outside of the building. If that does not resolve the issue, then the owner/customer will need to hire a private plumber to address the issue on the interior of the building.
- Until further notice, the Town will not shut-off water service to any customer as a result of that customer becoming delinquent on payment of water+sewer fees.

### **Parking**

- Parking Enforcement at timed and metered spaces is discontinued until further notice.
- Permit holders will receive credit for the unused value of their permits after the Parking Enforcement office reopens. Parking Enforcement Coordinator Carol Coulombe will contact each permit holder personally to address the details of the adjustment of their permit.
- No one needs to purchase a new parking permit until parking enforcement resumes. When we are preparing to resume enforcement, the community will be given advance notice and an opportunity to purchase permits before active enforcement actually begins.
- Overnight parking is allowed on most side streets at this time of year, but overnight parking is prohibited on Main Street, High Street, Elliot Street (east of School Street), Flat Street, Church Street, Elm Street, Harris Place, and Grove Street.
- Parking related inquiries should be directed to the Town Manager’s Office (see immediately below).

- Due to the inability to sanitize paper records and books, customers are currently not allowed in the vault. The communication can occur over the phone or by email, staff can scan and email the records, and the customer can pay online.

unless other payment arrangements have been made with the Recreation and Parks Director.

No one will be turned away for lack of ability to pay.

Please be advised, however, that the number of camp participants will be limited this year due to COVID-19 social distancing requirements and will be confirmed on a first-come first-served basis with priority given to Brattleboro Residents.

- All other on-site Recreation programming has been canceled until further notice.
- To stay up to date on virtual programming being offered by the Recreation and Parks Department, please follow us on Facebook @Brattleboro Recreation and Parks Department or frequently check our website at [https://www.brattleboro.org/index.asp?SEC=DF7D4AE1-C4DB-477C-86FD-9892508078A9&Type=B\\_BASIC](https://www.brattleboro.org/index.asp?SEC=DF7D4AE1-C4DB-477C-86FD-9892508078A9&Type=B_BASIC).

- Parks Maintenance field operations continue in accordance with special procedures required by the Governor's executive orders and public health best practices.
- Parks equipment (benches, picnic tables, and playground equipment) remain closed because it is impossible for the Town to ensure that equipment is sanitized in between users. Signage has been installed to warn the public. The Town is inviting people to enjoy the open green spaces in the parks where you can get some fresh air and exercise while adhering to these guidelines:
  - Keep Social Distancing (everyone wears masks + stays at least 6-feet apart whenever possible).
  - Contact sports/games are prohibited.
  - Please use the "Arrive, Play and Leave" approach to using these facilities.
  - No gatherings of more than 10 people.
- The Recreation and Parks Department has received many questions about the usage of Town parks facilities by people from outside of Brattleboro. Recreation officials all over Vermont have received many similar questions. In the Governor's "Stay Home – Stay Safe" addendum issued on Friday, May 15, he clarified earlier instructions regarding limits on day travel to Vermont from out of state. As it applies to the use of parks facilities, the Governor's clarification states that "commuter (day trip) traffic to and from Vermont ... is authorized for ... currently authorized ... recreation." Thus, all people are allowed to use Town park facilities in accordance with the same limitations and social distancing requirements regardless of whether they are Brattleboro residents or live outside of our town or state.
- The Fred H. Harris Tennis/Pickleball Courts at Living Memorial Park are open.
- The frisbee golf course at Living Memorial Park is open.
- All softball fields are available to families for informal kickball, wiffleball etc. Softball fields are not yet open for more formal team activities (games or practices).

- Morningside Cemetery is open for visits to honor a loved one or to get some fresh air and exercise.
- Restrooms at Living Memorial Park and West River Park remain closed until further notice.
- All basketball courts remain closed until further notice.
- The Dog Park at Living Memorial Park remains closed until further notice due to COVID-19 and being recently reseeded to rejuvenate the turf.
- The Living Memorial Park Swimming Pool and Rotary Water Playground will be opening for the season on Saturday, June 20th, 2020, at 1pm. Space will be limited to 25 patrons and staff inside the gated area at any one time. Daily reservations may be made by calling the pool at 802-254-6700. Priority will be given to Brattleboro Residents.

Due to COVID-19, the pool schedule, fees, and procedures have been updated for the Summer of 2020:

- As with all exercise and other activity at this time, swimming must comply with standards for social distancing and safety within pool facilities. Swimming does not require direct contact and the CDC has indicated that there is no evidence the disease spreads through treated water. Proper operation and maintenance (including disinfection with chlorine and bromine) of these facilities should inactivate the virus in the water.
- All Patrons entering facility will have their temperature taken and be asked the following questions:
  1. Have you been in close contact with a person who has COVID-19?
  2. Do you feel unwell with symptoms consistent with COVID-19?  
*Have you had a cough, high temperature, shortness of breath, difficult breathing, chills, repeated shaking with chills, muscle pain, headache, sore throat, or new loss of smell or taste?*

If any answers are YES or if a patron has a temperature of 100.4 or higher, they will not be allowed into the facility.

- Anyone entering the pool takes responsibility for their own protection and for disinfecting their own hands and anything they touch in the pool area. Staff will be disinfecting high touch areas between each session.
- Everyone must maintain at least 6 feet between themselves and other people who are not a part of their household.
- All patrons should change their clothes at home and not at the pool facility.

- The Town of Brattleboro's Independence Day celebration will happen online this year. The volunteer "By the People: Brattleboro Goes Fourth" citizens committee and Town's Recreation+Parks Department traditionally have held a parade downtown on the morning of July 4 and family activities and fireworks at Living Memorial Park in the afternoon and evening. Due to COVID-19 and the limitations on the size of public gatherings, this year's 47th annual Independence Day celebration will shift to several

digital offerings, including a two-week “Show Your True Colors” countdown starting June 22 that will spotlight local essential workers, graduating seniors, veterans, and small business owners on the Brattleboro Goes Fourth Facebook page and WTSA-FM “Morning Brew” program. On July 4, local personality Alfred Hughes Jr. will reveal his annual surprise outfit at 10 a.m. on the Brattleboro Goes Fourth Facebook page while Brattleboro Community TV and [www.brattleborotv.org](http://www.brattleborotv.org) will offer special rebroadcasts of past parades. This year’s celebration also will salute longtime sponsors including the Benevolent and Protective Order of Elks, C&S Wholesale Grocers, G.S Precision, Holstein Association USA, and the Richards Group.

#### **Small Business Assistance Program Loans**

- Businesses who are repaying loans to the Town’s Small Business Assistance Program can defer (without penalty or additional interest) their monthly payments until further notice.

#### **Curbside Garbage, Recycling, + Compost Program**

- Due to the closure of Town facilities, individual pay-as-you-throw bags are not being sold at the Treasurer’s Office and the Gibson-Aiken Center until further notice. Packages of five pay-as-you-throw bags are still available at retail outlets.
- Some residents asked the Town to suspend the pay-as-you-throw program so that no one would have to buy the yellow and purple bags during the COVID-19 emergency. Unfortunately, our local pay-as-you-throw system is required for the Town to comply with a State-mandate to have “variable rate pricing” for garbage collection and disposal (i.e. the more one throws away the more one pays) so it can’t be suspended without the State’s permission. The Town asked the State if we can temporarily suspend the pay-as-you-throw system and the State said “no.”

### **U.S. Census Reminder**

If you have not completed your census form yet, now is a great time. You can complete it without leaving home or coming into contact with any other person. There are three simple ways to complete the Census form:

1. **Online:** Go to [www.2020census.gov](http://www.2020census.gov). Can't find your 12-digit code that you received in the mail? No problem. Just follow the instructions and you will be able to complete the questionnaire on-line.
2. **By Phone:** Call 844-330-2020 to get started in English. The 2020 Census can be completed by phone in 14 different languages.
3. **By Mail:** All homes that do not respond online or by phone will receive a paper questionnaire. Simply respond using a blue or black ink, and return the questionnaire in the envelope provided. Regardless of how you respond, your answers will be kept confidential. Every Census employee takes an oath to protect your personal information for life and the U.S. Census Bureau cannot release any information that identifies you individually.

The results of the 2020 Census will help determine our eligibility for billions of dollars in Federal funding to flow into our community, county, and state every year for the next decade. This money means better health care, schools, roads, job opportunities, housing assistance, disaster assistance and more. With so much at stake, every response counts!

Brooks Memorial Library Staff can assist the public in accessing the Census questionnaire. Call 802-254-5290 ext.1206 or email [info@brookslibraryvt.org](mailto:info@brookslibraryvt.org) for assistance. For more information, visit: [www.2020census.gov](http://www.2020census.gov).

- All other Town boards, commissions, and committees also are meeting on the GoToMeeting platform for remote-only meetings (with no physical location) until after the COVID-19 emergency has passed.
- The Representative Town Meeting (RTM) that would have been held on March 21 was cancelled in compliance with the Governor's executive orders re: social distancing. RTM will be re-warded when it becomes legal and prudent to do so. At its meeting on June 2, the Selectboard discussed alternatives for holding an RTM during COVID-19 with concern for maximizing both inclusive participation in the democratic process and the health and safety of all involved. Those alternatives include different locations, different procedures, using the GoToMeeting platform, relying on BCTV for video and audio connectivity, voting by Australian ballot, or some combination of these.
