4:30pm

An Update to the Community from Brattleboro Town Manager Peter Elwell:

The United States Government and the State of Vermont are operating under State of Emergency declarations issued by President Trump and Governor Scott related to the COVID-19 coronavirus pandemic. The Town of Brattleboro, as a subdivision of the State of Vermont, is operating in accordance with Governor Scott's declaration of a State of Emergency for all of Vermont.

Fire Chief Mike Bucossi, who also is the Town's Emergency Management Director, is in close ongoing communication with Brattleboro Memorial Hospital, Rescue Inc., and other emergency health service providers. Chief Bucossi and Town Manager Peter Elwell also are in regular communication with the Vermont Department of Health and Vermont Emergency Management. All other members of the Town's management team are maintaining similarly close contact with their colleagues in State government and others to ensure that the Town's actions are taken in concert with similar actions to protect the public throughout Vermont and beyond.

Please visit the Town's website at www.brattleboro.org for extensive information about COVID-19, its impacts, and actions being taken to address those impacts. All of the Town's COVID-19 updates are posted there, along with links to the Vermont Department of Health, the Centers for Disease Control and Prevention, and the World Health Organization. Most importantly, the Town's homepage includes links to numerous resources for informing and assisting individuals, families, businesses, and other organizations. All of this information is being reviewed frequently to ensure you can rely on the Town's site for current and accurate information throughout the COVID-19 emergency.

The following information has previously been announced by the Town to the community. Some of the items have been modified to update the details. The information is separated into sections, as follows: “Wearing Face Coverings Required,” “Overall Status of Town Government’s Daily Operations,” “Emergency Services,” “Non-Emergency and Administrative Support Services,” and “Public Meetings”:

WEARING FACE COVERINGS REQUIRED

At its meetings on May 19 and May 26, the Selectboard adopted the following resolution. The resolution was reviewed and reaffirmed at the Selectboard meeting on June 16. (Please also note that the Governor has issued an order requiring face coverings in all public places throughout Vermont.)

Be it resolved by the Selectboard of the Town of Brattleboro, Vermont, as follows:

**AMENDED
COVID-19 EMERGENCY ORDER
WEARING FACE COVERINGS REQUIRED**

WHEREAS, the Centers for Disease Control and Prevention (CDC) recommend the use of simple cloth face coverings to slow the spread of the COVID-19 coronavirus and to help prevent people who may unknowingly have the virus from transmitting it to others; and WHEREAS, the Vermont Department of Health “recommends that all Vermonters wear cloth face coverings when outside of the home to help slow the spread of COVID-19;” and WHEREAS, Governor Phil Scott and the Vermont Agency of Commerce and Community Development have issued the following instructions in conjunction with the Governor’s executive orders regarding COVID-19:

“Employees must wear face coverings over their nose and mouth when in the presence of others. In the case of retail cashiers, a translucent shield or “sneeze guard” is acceptable in lieu of a mask.

Businesses and non-profit and government entities may require customers or clients to wear masks” while on their premises

and

“The legislative body of each municipality may enact more strict local requirements regarding mask use than those set forth herein;” and

WHEREAS, COVID-19 remains a health hazard to residents of Brattleboro and a significant threat to vulnerable populations; and

WHEREAS, wearing a face covering is an important act we can do in an effort to protect others from an infection that we may not even know we have.

NOW, THEREFORE, BE IT RESOLVED that this Selectboard hereby issues the following COVID-19 Emergency Order:

WEARING FACE COVERINGS REQUIRED

Requirement to Wear Face Covering.

Starting May 20, 2020, all establishments located in the Town of Brattleboro that invite the public into their premises for the purpose of receiving services, purchasing products, or otherwise transacting business, shall require both staff and customers (or visitors) to wear cloth face coverings or face shields over their nose and mouth while inside the establishment.

Exceptions.

Cloth face coverings are not required on young children under age 5 and should not be placed on anyone who has trouble breathing or anyone who is unconscious, incapacitated, or otherwise unable to remove the mask without assistance.

Posting of Requirement.

Each establishment is individually responsible to post signage at the entrance and at other appropriate locations stating that customers (or visitors) are required to wear face coverings by order of the Brattleboro Selectboard.

Effective Period.

This Order shall remain in effect until the Brattleboro Selectboard amends, rescinds, or suspends this Order or until the Governor declares an end to the COVID-19 State of Emergency in Vermont, whichever occurs first.

Adopted by the Brattleboro Selectboard at its meeting on May 19, 2020.

Amended by the Brattleboro Selectboard at its meeting on May 26, 2020.

OVERALL STATUS OF TOWN GOVERNMENT'S DAILY OPERATIONS

- Emergency services and field crews continue to operate as described below.
- The exterior entrances to all Town facilities remain locked at all times. The only exception is at the two fire stations, where the exterior doors are unlocked daily 8am-4pm so the public can access the entrance area, but permission and public health precautions are required for anyone passing from the entrance area into the interior of the building.
- Signs are posted at the exterior entrances to all Town facilities clearly indicating that no one may enter the building if they have any symptoms of respiratory illness (fever, cough, and/or shortness of breath).
- There is a minimum of 1 employee in each office each day, and more are there when more than one employee is needed to complete a required task.
- Employees who are not in the office continue to work from home in the same manner as they did during the full closure of Town offices between March 27 and May 4.
- All email communications and most telephone communications are functioning exactly as they do during normal office operations.
- Town employees who have direct dial phone numbers and individual email addresses can be contacted in the usual way. If you don't have that information, please use the contact information for each department listed below under "Non-Emergency and Administrative Support Services."
- The public is requested to continue to do as much Town business as possible remotely (by email, internet, phone, or mail).
- When an on-site visit is necessary for a particular individual to comply with a Town requirement or to receive a Town service, such visits can be arranged in advance (by making an appointment) or at the time of the visit (by calling the applicable office).
- Anyone who is not a Town employee will be met at the exterior door by a Town employee, escorted into the applicable office, and then escorted out of the building.
- Making an appointment in advance is strongly encouraged for two reasons:
 1. Since most offices are being staffed by only 1 employee at a time, there are unscheduled times each day when any particular office is not available to the public. There also may be some scheduled closures in certain departments (e.g. for an entire morning, afternoon, or day). Those will be announced to the public in advance.
 2. Since only 1 visitor is allowed in any office at any given time, visitors who do not make an appointment in advance may have to wait outside the building until it is their turn to enter.
- During every visit, the 1 employee and 1 visitor will:
 - Wear masks at all times covering both the nose and the mouth and fitting snugly under the chin. (The Town will provide a mask to any visitor who does not have one.)
 - Wear gloves or use hand sanitizer before handling documents.
 - Abide by social distancing best practices (such as standing no closer than 6 feet apart).
- Town employees use disinfectant cleaner to wipe down all counters, door knobs, and other commonly touched surfaces at the beginning of each shift, after each visitor, and at the end of each shift, paying particular attention to wiping down any surface that is touched by any visitor.

- Restrooms are not available for public use. If an employee allows a visitor to use a restroom in an emergency, that employee will use disinfectant cleaner to wipe down all fixtures, handles, and touched surfaces immediately after the visitor leaves.
- Town employees are continuing to do as much work as possible with other Town employees via email, internet, and phone. When 2 or more employees must meet face-to-face to complete a particular task, they adhere to the same requirements as when providing 1-to-1 services to visitors:
 - Wear masks at all times covering both the nose and the mouth and fitting snugly under the chin.
 - Wear gloves or use hand sanitizer before handling documents.
 - Abide by social distancing best practices (such as standing no closer than 6 feet apart).
- Town officials are continuing to coordinate with a variety of community organizations regarding emerging community needs that extend beyond the scope of our normal Town government services.
- All reservations for use of Town facilities by non-Town organizations are cancelled until further notice.

EMERGENCY SERVICES

- Emergency services are still being provided by the Police Department (BPD) and Fire Department (BFD).
- Dispatch is fully staffed 24/7 and is screening for COVID-19 on all calls.
- Both BPD and BFD are conducting “doorway assessments” for COVID-19 before entering into buildings.
- Both BPD and BFD have instituted policies that adjust their normal procedures to reflect COVID-19 best practices advice from public health experts. This includes screening every employee for COVID-19 before and during every shift.
- BPD officers are responding to all calls for assistance in person, unless the caller requests to be contacted by other means. Officers wear masks during all interactions with the public and follow best practice guidelines and directives from the AG, CDC, DPS, VDH, etc. Motor vehicle enforcement activity is mainly limited to addressing moving violations. The police facility on Black Mountain Road is locked and closed to the public except for emergencies and appointments.
- Both BPD and BFD have implemented best practices for more rigorous than normal cleaning of facilities and equipment, for the use of personal protective equipment, and for decontamination (when needed) after calls.

NON-EMERGENCY AND ADMINISTRATIVE SUPPORT SERVICES

Water+Sewer Utilities

- Town water+sewer facilities are being operated. Staffing and some procedures have been adjusted to reflect COVID-19 best practices advice from public health experts. The public should notice no change in water or sewer service.
- For general water+sewer questions, please call 802-254-4255.
- Many buildings remain in a state of partial shutdown. The Town’s Water Department reminds all building owners that **water lines within buildings should be flushed to keep the water supply safe**. While the Town is continuing to deliver water to the meter that complies with all drinking water standards and has a trace of chlorine for disinfection, the water quality within the interior piping of a building will deteriorate if not used.
- Water+Sewer crews will not enter private buildings until further notice. People who experience service problems should call the Department of Public Works, as usual. A DPW crew will address the situation on the outside of the building. If that does not resolve the issue, then the owner/customer will need to hire a private plumber to address the issue on the interior of the building.
- Until further notice, the Town will not shut-off water service to any customer as a result of that customer becoming delinquent on payment of water+sewer fees.

- Parking related inquiries should be directed to the Parking Enforcement Office at 802-257-2305 or ccoulombe@brattleboro.org.

- Due to the inability to sanitize paper records and books, customers are currently not allowed in the vault. The Town Clerk's Office staff is happy to work with each customer to identify the accurate book and page number, and then pull the records for their review. The communication can occur over the phone or by email, staff can scan and email the records, and the customer can pay online.
- For the upcoming General Election, all active registered voters will be mailed ballots automatically in early October. It is important for all voter rolls to be up to date.
