

MEMORANDUM

To: Selectboard
From: Peter B. Elwell, Town Manager
Re: Police-Fire Facilities Project Update
Date: July 5, 2017

Police Station

With approximately one month remaining until the completion of construction, there is intense and varied work occurring both inside and outside the building. All of that work is expected to be finished by early August. The Police Department will move in gradually during the following month and will be fully operational in the new facility by mid-September. No issues have arisen that will require Selectboard action, but several purchases are recommended for Selectboard approval as set forth more explicitly in the "Request for Authorization to Purchase Certain Items and Services" section below.

Central Fire Station

The project continues on schedule. Extensive interior work is continuing in both the addition and the existing building. By August, some interior sections will be completed and Fire Department operations will be adjusted to allow the remaining construction work to proceed. The project team expects that all construction will be finished and the station will be fully operational by the end of November. No issues have arisen that will require Selectboard action, but several purchases are recommended for Selectboard approval as set forth more explicitly in the "Request for Authorization to Purchase Certain Items and Services" section below.

Town Manager's Authorization of Owner's Expenses

Attached is the list of all project related expenses I have authorized in accordance with the Selectboard's approved "Policy for Use of Owner's Contingency and/or Reduction in Project Scope." The expenses are categorized by project element (with a "General" category for those expenses that apply to the project as a whole) and they are listed in reverse chronological order. Items approved since my last report (just two electric bills paid to Green Mountain Power) are shown in boldface type.

Request for Authorization to Purchase Certain Items and Services

As we approach the final month of construction at the Police Station and the final four months of construction at the Central Fire Station, the project team will seek Selectboard approval of the following at the July 11 Selectboard meeting:

- \$99,671.14 for Police Station Furnishings
- Not to exceed \$25,000 additional for Steve Horton's services as Owner's Project Manager
- \$20,192.25 for a Dispatch Center Logging Recorder
- Not to exceed \$20,000 (\$16,592 + shipping) for a variety of outfitting items for the two Fire Stations
- \$7,914.99 for telephone cabling, weather station, and digital alarm master box at the Police Station
- \$6,199.36 for new signage and to relocate a compressor, both at the Central Fire Station

For detailed explanations of these items and to review copies of the applicable vendor proposals, please see the attached letter dated June 26, 2017, from Owner's Project Manager Steve Horton to me (along with the voluminous attachments thereto). As Mr. Horton describes, some of these items were included in the project budget while others represent draw-down against the uncommitted balance. I believe Mr. Horton provides proper and sufficient explanation for the items that are proposed to be purchased and for the services to relocate the Central Fire Station compressor. He also explains why he personally has invested more hours than originally planned and is requesting increased fees to complete this project. I want to add the following observation to the justification for that additional expense: The time and care that Mr. Horton has invested in these essential projects for our community have resulted in hundreds of thousands of dollars of savings for the Town. Even if we look just at the purchase of emergency generators, Mr. Horton's efforts achieved a \$95,000 savings compared to the original cost estimates and a \$45,000 savings compared to the first round of pricing. In addition, his oversight of the construction process has ensured that we receive three high quality buildings to serve the Town well for many years to come. Therefore, I believe that the not-to-exceed \$25,000 we are requesting in additional funding (for a total of not-to-exceed \$130,000 for Mr. Horton's services for the entire project) is a sound investment for the Town. If the Selectboard approves Mr. Horton's request and my recommendation on this matter, Mr. Horton's fee will increase from 0.82% to 1.02% of the total project budget.

Overall Financial Report

CURRENT STATUS

Attached is a spreadsheet labelled "Police-Fire Facilities Project Financial Report" that provides a facility-by-facility summary of the project budget and expenditures to date. For the overall project, the report also identifies contractual encumbrances (money that has been committed to certain vendors for certain products or services) and the resulting net "uncommitted balance" of \$716,063.17.

UNBUDGETED ITEMS FOR FUTURE CONSIDERATION

Planned Items

West Brattleboro Fire Station – Demolition of Existing Station and Final Sitework
\$55,000

Central Fire Station Pymovent Exhaust System
\$30,000

Police Department Signage (on Putney Road, Black Mountain Road, and the Building)
\$10,000

Police Department Moving Expenses
\$10,000

Potential Items

Police Station Roof Replacement ("High Roof Area")
\$90,000

Police Station Carport
\$150,000

THE BOTTOM LINE

If the Selectboard approves the items that are recommended for authorization at this time, the overall Uncommitted Balance will be drawn down by \$159,306.60 to \$556,756.57.

If (at future meetings) the Selectboard approves all of the expenses on the "Planned Items" list, the Uncommitted Balance would be drawn down by \$105,000 to \$451,756.57.

If the Selectboard later approves both of the expenses on the "Potential Items" list, the Uncommitted Balance would be drawn down by an additional \$240,000 to \$211,756.57.

There will be a few more budgeted (but not currently encumbered) purchases and a variety of smaller expenses that I will continue to approve administratively, but they will amount to a total that is less than \$200,000. So, unless we encounter some significant additional expense that is currently unforeseen, we expect to complete the overall project with unspent bond funds remaining. Those funds would be eligible for redirection to other capital projects upon the future recommendation of the Selectboard and the approval of Representative Town Meeting.

Mr. Peter Elwell- Town Manager
230 Main Street
Brattleboro, VT 05301

June 26, 2017

RE: Select Board Approval for Furnishing and Equipment at the Police Department and Central Fire Station Projects

Peter,

Below please find requests for approval of several individual items and categories of items that are recommended to complete the Central Fire Station and Police Department projects.

Police Department Furnishings

After several intensive meetings with the Police Department Staff to determine their specific needs and uses, I pursued and received three separate bids for loose furniture and specialized police equipment. After extensive analysis and appropriate equalizing of scope, the bid results are as follows;

- Interscape \$99,671.14
- Red Thread \$99,684.83
- Lexington \$111,497.63

I have attached a room by room comparison of the bids. The yellow highlighted lines are lines where adjustments by me were made to equalize specified police equipment in cases where a bidder (or bidders) deviated substantially from the request. In some cases the bidder may not have included the item at all. All bids include freight, delivery, unpacking and installation.

The original budget for this item was \$80,000, but that budget line item did not include specialty items totaling \$22,843.36 that was originally carried in the Construction Manager Scope. It was my decision/strategy for the Town to buy these items separately to save contractor additional markup of 10- 15%. (savings of \$2,228- \$3,427). If you identify these specialty items, that creates an equal comparison amount of \$76,827.78 against the original budget of \$80,000 for desks, chairs, tables, storage racking and shelving.

Specialty Items are;

- Refrigerated Evidence Locker
- SRT Response Lockers
- Evidence Drying Cabinet
- Stainless Steel Handcuff Benches

I would like to recommend that Interscape be awarded the project in the amount of \$99,671.14, as they are the low bidder. Interscape is also a Brattleboro based company and will be available for any warranty calls or issues.

Police Department Logging Recorder

A new Logging Recorder is requested to replace the antiquated existing recorder, which is over 10 years old. The lower costs/ best value system is by Burlington Communications in Williston, VT. The cost for this system is \$20,192.25 and is recommended to be purchased. The old system Logging Recorder, if

relocated to the new building, could be viewed as a short term wasteful expense, as the remaining life of the existing system will be short but the cost of relocation would be long. The second bid was from L.W. Bills Company and was for \$23,385.75.

Central Fire Station Equipment

Central Fire Station requests a short list of equipment necessary for their daily operations. The total request is for \$16,592. The list is as follows;

- Gear Dryers – 6 @ total of \$7,700.
- Hose Tower Winch 1 @ \$635
- Hose Washers- 2 @ total of \$1,094
- Mobile Hose Racks-2 @ total of \$4,100
- SCBA Storage Rack- 1 @ total f \$1,057
- Fire Alarm Cabinet- 1 @ \$2,006

Under \$10,000 Miscellaneous Expenses

- Fairpoint phone line from street to building at Police Department @ \$5,469.99
- Weather Station at Police Department @ \$550
- Digital Fire Alarm Master Box to replace old box at Police Department @ \$1,895
- Relocate existing compressor at Central Fire to mezzanine @ \$2,350
- New exterior signage at Central Fire Station @ \$3,849.36

Project Manager Fees

In April of 2016 I submitted a proposal for my services in the amount of \$105,000 which was to be invoiced on an hourly basis. To date I have invoiced \$97,050. The contractor project schedule indicates completion in November. At the rate of billing so far, and with 7 months left remaining in the project it is apparent that the \$105,000 would be exceeded. I respectfully request that an additional \$25,000 be added to my budget so that I may continue to monitor and manage the project effectively. As a basis for understanding why my original budget needs to be added to, I provide the following;

- The overall duration for the project is three months longer than originally anticipated - when my proposal was written.
- I spent significant time value engineering and negotiating savings for the project in the early months.
- The furniture and equipment for the project turned out to be quite complex. I took the initiative to manage that process and lead the purchases, in order to provide maximum value to the Town. Normally a separate consultant or the Architect would be hired to perform those duties.

Thank you for your consideration on all of these matters.

Yours Sincerely,

Steve Horton
Owner's Representative for the Town of Brattleboro

TERMS AND CONDITIONS OF SALE

Acceptance. This proposal for the purchase of products and/or services must be signed by the Buyer and returned to the Seller signifying acceptance of terms and conditions herein outlined. Orders are subject to deposit requirements outlined in proposal and must accompany order. Prices quoted are firm for 30 days from date of quotation. Orders will not be placed without signed terms and conditions. As production lead times are based on order placement, failure to promptly execute this proposal could result in product delays.

Freight. Freight charges, if not listed on this proposal, will be invoiced separately and paid by the Buyer.

Cancellation and Changes. In the event this proposal is signed by the Buyer, it becomes a binding order. Binding orders cannot be cancelled nor any product be returned except by mutual written consent. Any subsequent changes in quantity or specifications are subject to written approval by Seller and manufacturer. Additional charges for cancellations or changes shall be paid by the Buyer. All requests for changes in quantity or specifications shall be delivered to the Seller in writing.

Delivery and Installation. In the event that delivery and/or installation is required as a part of this proposal, the following provisions shall apply:

1. **Condition of Job Site-** The job site shall be clean, clear and free of debris prior to installation.
2. **Job Site Services-** Electric current, heat, hoisting and/or elevator service will be furnished without charge to Seller. Adequate facilities for off-loading, staging, moving and handling of merchandise shall be provided.
3. **Special Packaging or Handling-** If special packaging or handling is required that is not contained in the specifications, the Buyer will pay all related charges.
4. **Delivery During Normal Business Hours-** Delivery and installation will be made during normal working hours. Additional labor costs resulting from overtime work performed or job acceleration requested by Buyer will be paid by the Buyer.
5. **Storage Space-** Provided the product does not arrive at the site earlier than the date requested in the signed proposal, the Buyer would provide safe and adequate storage space. If the space provided is inadequate and requires excessive sorting, the Buyer will reimburse such excess storage and sorting cost. If the space provided is inconveniently located or on another floor, the extra cost of transporting to and from the storage will be reimbursed by the Buyer. If the merchandise must be moved due to progress of other trades or other reasons, the extra cost of such moving will be reimbursed by the Buyer.
6. **Erection and Assembly-** Seller's ability to erect or assemble furniture knocked down or to permanently attach, affix, or bolt in place moveable furniture is dependent on jurisdictional agreements. If trade regulations in force at the time of installation require the use of tradesmen at the site other than the Seller's own installation personnel, resulting additional costs will be paid by Buyer.
7. **Damage-** After arrival at the site, any loss or damage by weather, other trades such as painting or plastering, fire or other elements, shall be the responsibility of the Buyer, and the Buyer agrees to hold the Seller harmless from loss for such reasons.
8. **Insurance-** Public Liability, Workmen's Compensation, Property Damage, Automotive and Occupational Disease Insurance are carried by the Seller and a certificate will be delivered upon request. Fire, Tornado, Flood and other insurance at the site will be provided and paid by the Buyer.

Claims. When product is shipped to the Seller's warehouse and/or the Seller is involved in the receiving of the product, claims for transportation damage will be prosecuted by the Seller and damaged merchandise will be repaired to the satisfaction of the Buyer or merchandise replaced. Unless within ten days after the installation is completed, written notice of any defect claimed or any unworkmanlike manner of installation is given by the Buyer to the Seller, it is hereby agreed and assumed conclusively that the articles have been delivered and installed in a satisfactory manner. In the event that there is a discrepancy as to the completion of and written notice of defect (s) and/or omissions claimed, the Buyer may withhold the lesser of 10% of the invoiced amount of the sales price of non-conforming product except for orders less than 1,000.00. The remaining 90% will remain due and payable as specified in terms below. The 10% retainage will be considered due and payable after correction of claimed defect (s) and/or omissions.

Warranty. The Buyer should retain all original invoicing to assume prompt warranty service with the manufacturer. Seller will perform all warranty service in accordance with the manufacturer's warranty. There are no other expressed or implied warranties, including merchantability and fitness for a particular purpose.

Delays. In the event that construction delays or other causes not within Seller's control force postponement of the installation, the products will be stored until installation can be resumed, and will be considered accepted by the Buyer for purposes of payment. In such event the Buyer shall reserve the right to withhold 10% of the invoice amount of such shipments against the completion of the contract. Transfer and storage charges incurred shall be paid by the Buyer.

Payment. A 50% deposit for the entire proposal is required upon order acceptance by the customer. Delivery constitutes acceptance of the products/services as delivered. Products, services will be invoiced for the remaining 50% after delivery. The Buyer agrees to pay each invoice net upon receipt. No payment shall be withheld on any invoice because of partial delivery of the entire order. The Buyer agrees to pay a finance charge of 1 1/2 percent per month at the annual percentage rate of 18% on all delinquent payments as well as reasonable expenses, attorney fees and court cost which Seller incurs by reason of Buyer's default. The Buyer waives the Homestead Exemption and all other insolvency exemption law as to this obligation and agrees that if there is a default in any payment herein provided, or in any other condition herein expressed, the full amount of the purchase price or balance thereof shall immediately become due and payable together with all attorney's fees (but no less than 25% of the purchase price) if then placed with an attorney for collection. Title to the subject merchandise will pass from the Seller to the Buyer when the full purchase price and all other charges due under this agreement are paid in full.

No other agreements. There are no other agreements expressed or implied other than those specified herein. The terms and conditions set forth herein may not be varied except upon the written approval of both the Buyer and the Seller.

Jurisdiction, Venue, Consent to Service process. Buyer consents to the personal jurisdiction of the Hartford County, Connecticut in connection with any dispute concerning the signed proposal and Buyer hereby waive all objections to such jurisdiction and venue and will not deny or contest jurisdiction or venue in such proceedings.

Product Summary

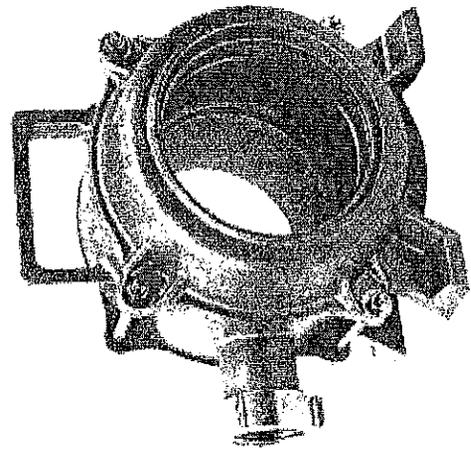

This Bannan Mini Wire Hoist is lightweight, compact and easy to install. It can be operated on a standard domestic power supply. 25% duty cycle performs tough jobs without excess stress on the motor. Galvanized wire rope includes safety-latch. This unit features both an upper and a lower limit switch for additional safety. When the rope touches the limit arm, pulling is automatically stopped. A sensing arm automatically stops the motor if rope underwound. Motor brakes are electromagnetic; gear brakes are mechanical. Double ratchet pawl design provides instant, safe stopping. 360° saddle hook. 95ft. x 0.20in. rope. 1983-lb. line pull. 29.5 to 45.9 FPM line speed. 22.9ft. power cord.

Qualifying products only exclusions apply.

About This Product

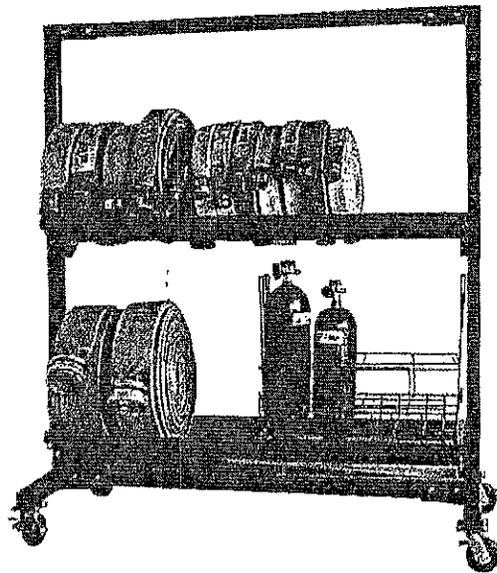

Mobile Hose Cart

Made in U.S.A.

- Four heavy-duty brake casters allow for ease of rolling and hold the cart in place when loading or unloading.
- Heavy-duty steel rails with a durable red powder coat finish easily support 100' coils.
- Ships knocked down for freight savings.
- Easy to assemble.
- Available in two tier or three tier units.
- Stationary units also available in both two and three tier.
- An optional 20" x 31" cover plate provides a flat surface for holding bottle carriers or other items.
- Two lengths available – 72" or 104".
- Total weight capacity 4,400 lbs.

Re: Z2017-1856

Dear PATRICK MORELAND & STEVE HORTON:

This is in response to your request for FairPoint to perform the following work: **REPLACE CABLE IN BLDG - PLACE NEW 50-PR CABLE, INTERIOR TERMINAL, MAXCELL INNERDUCT FOR FUTURE FIBER SERVICE, located at 62 BLACK MOUNTAIN RD, BRATTLEBORO, VT.**

In addition to the advance payment listed below, you will be required to provide the following: **4" DUCT W/PULL STRING; BACKBOARD + #6 GROUND IN TERMINAL ROOM.**

We have estimated that the cost of this work effort will be: **\$5,496.99**

Balance due FairPoint: **\$5,496.99**

This is the amount of the advance payment that you will be required to make. You must return this signed agreement, along with the full advance payment, before your work will be scheduled. Upon job completion, you will be issued either: **(1)** a refund for any overpayment, or **(2)** an invoice, if the final actual costs exceed the advance payments received. Any unapplied portion of advance payments will be refunded to you within one hundred and twenty (120) days of the final bill or cancellation of the job. If you agree to these terms, please sign below and forward this signed letter agreement, a check for **\$5,496.99** made payable to FairPoint and noted with **#310839** to:

FairPoint
Attn: Reimbursable Construction Engineer
Engineering Department
55 West St.
Rutland, VT 05701

If you are signing for a company or other entity, then by signing below, you warrant that you are authorized to bind the company or entity to the terms of this letter agreement. Upon

receipt of your signed agreement and advance payment, your work order will be released to our Construction Department for scheduling. FairPoint shall not be responsible to the extent its performance is delayed or prevented due to causes beyond its control, including but not limited to acts of God or the public enemy, terrorism, civil commotion, embargo, acts of government, any law, order, ordinance, regulation, or requirement of any government, fires, explosions, weather, quarantine, strikes, labor disputes, lockouts, and other causes beyond the reasonable control of FairPoint. Should you have any questions or concerns regarding these terms, please contact me at **603-352-9463**.

Please be advised that the price estimate quoted above is only valid for sixty (60) days from the date of this letter. If this work request is cancelled after you have signed the agreement, you will be billed for any Engineering and Construction cost incurred after the date of signature that may include the cost to place and/or remove facilities. If we do not receive this signed agreement and your full advance payment within this sixty (60) day period, we will assume that you do not want the work to be undertaken and the project will be **cancelled**.

Sincerely,

Stephanie Hosking
FairPoint Engineering

I agree to the terms of this agreement:

Steve,

Sorry about that.....

Here is the link for the Item I'm looking for: <http://www.weathershack.com/product/davis-instruments-6152-6152c.html>

I would like the cabled version instead of wireless. I just think there is too much blocking in that building to make the wireless work. It will need to have a pole mounting kit as well as an additional 100' of cable to get from the tower to the dispatch console. This company does have some better pricing that you can get from the following link: <http://www.weathershack.com/discount/main.html> I'm not sure how long the discounted prices last. By my calculations, the weather station, mounting kit and extra cabling should be around 550.00. There will be no shipping cost. Let me know if you need anything further from me.....W

Steve,

My cost for the new electronic master box for the new PD is \$1,895.00 this includes a 20% off the wholesale price.

I will wait for you to say yes before I order this.

RE: Installation of Poseidon Air Breathing Compressor in new Station.

The following is an Estimate for materials and labor to install the Poseidon Air Breathing Compressor in it's new location. the work will include the following:

Wire the compressor from the electrical disconnect to the compressor's motor starter per NEC approved wiring methods.

Mount the 6 storage cylinders to the wall using "Uni-strut" channel and straps. Supply 6000 psi high pressure hose from compressor to Air Control Panel.

Mount Air Control Panel and supply individual high pressure air lines to storage cylinders, making up 4 individual Banks. Lines will be protected by PVC conduit as the lines traverse the wall between the Air Control Panel and Enclosed fill station.

System will be fully tested and put in service upon completion.

All High pressure Air Lines will be 6000 psi rated and certified "Breathing Air Hose".

Estimate: Materials and Labor **\$2,350.00**

Option: (recommended) Annual compressor service be performed at this time ~~300.00~~

Thank You,

Robert A. Foote
